databot

## Products & Prices

databot

databot™ is a power-packed wireless, multi-sensor scientific tool that brings the world of data to life instantly and makes exploring sciences, coding, machine learning, and AI easy and exciting. All purchases include lessons, the free Vizeey™ app, and support resources for a variety of free coding environments including MicroBlocks and the Arduino IDE.

Grades: 4 & Up
Students: 2 Students per databot™(recommended)
Curriculum: Science Modules, Coding, Robotics, Design Challenges, Data Games, and more
Environments: Classrooms, After-School, Summer Programs, Makerspaces, @Home
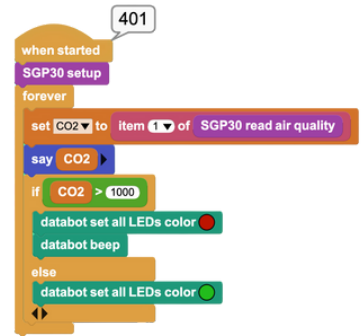

WHAT'S INCLUDED

Each kit includes

- databot
- USB Cable
- Temperature Probe
- Lanyard
- Case or Pouch
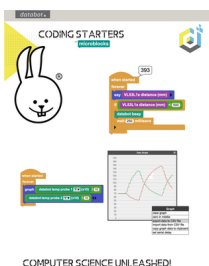

Vizeey App

MicroBlocks®

Science: Sensor Starters
12 activities that introduce databot sensors, the technology behind them, what they measure, the units used, and how they are applied in the real world. Each lesson includes engaging, hands-on activities that cover important NGSS science topics using live sensor data.

Open AI Lesson Generators
Use the databot GPT lesson generators to create an infinite number of activities designed to address any learning objective.

Technology: Coding Starters
40+ activities that walk students through the basics of computer science using easy-to-follow instructions, databot, and MicroBlocks! Once students complete the introductory series, capstone projects in IOT, robotics and more take them further.

Open Content Library
Growing library of blogs, how-tos, videos, 3D print files, science lessons, code, and more for activities with drones, robots, data science, environment, rockets, representing hundreds of hours of explorations.

EXCITING EXTRAS

THE DISCOVERY OF DATA
GRADES 4-8

Discovery of Data Summer Camp
200+ pages detailing 12 unique summer camp experiences that bring data to life for students in wild and crazy ways.

MISSIONS W LEGO ROBOTICS
GRADES 4-12

Missions with LEGO® Robotics
Eight career-based missions, 137 pages, detailed instructions, building plans, and data visualization software add data-powered awesomeness to your LEGO robotics program!

MIDDLE SCHOOL LABS
GRADES 6-8

Middle School Labs
A growing library of 25+ Middle School Labs in Physical Science, Life Science, and Earth and Space Science complete with pre-configured Vizeey experiments. Free on our website under lessons!

PRICING

SKU	Product	Price	Shipping
	Kits and Bundles		
201	databot Single	$189.99	$10.50
202	databot Twin Pack (2 kits)	$375.00	$13.50
203	databot Classpack (10 kits)	$1,850.00	$21.00
215	Discovery of Data Summer Camp Bundle (Camp Curriculum + Classpack)	$1,899.00	$21.00
214	databot Missions with LEGO Classpack Bundle (10 kits + Missions Curriculum)	$1,879.00	$21.00
213	Ultimate STEM Bundle (20 kits + Camp + Missions + Training Bundle)	$3,999.00	$40.00
	Premium Content		
209	Missions with LEGO Robotics Curriculum (Digital Download + Site License)	$49.00	N/A
210	Discovery of Data Summer Camp Curriculum (Digital Download + Site License)	$129.00	N/A
	Accessories		
200	Spare Temperature Probe	$9.99	$4.50
220	MicroUSB to Header Adapter Cables (2x) 1x Female; 1x Male	$9.99	$4.50
221	MicroUSB to QWIIC Connector Cable (1x)	$9.99	$4.50
